

FLORIDA SOUTHERN COLLEGE

DOCTOR OF NURSING PRACTICE (DNP)

The demands of the rapidly changing and complex health care environment require the highest levels of scientific knowledge and practice expertise. The Doctor of Nursing Practice (DNP) degree prepares graduates to design and lead system-level improvements to achieve excellent patient care and practice outcomes.

About FSC

Florida Southern College is known throughout the nation as a leader in engaged learning. FSC is consistently ranked as a top college in the prestigious *U.S. News and World Report* and was voted #1 most beautiful campus two years in a row by the *Princeton Review*. Situated in the corridor between Orlando and Tampa, students enjoy our location with its ease of access to surrounding areas.

Program Overview

The DNP program at FSC is a leadership focused post-master's program of study designed to prepare graduates in health care policy and advocacy, finance, information systems, project management and organizational leadership. Emphasis is on the application of evidence for the improvement and enhancement of patient care and health care delivery systems.

Under the standard program plan, students take two or three classes each semester and complete degree requirements, including project and practicum requirements, in six semesters or two calendar years. Individual programs of study are available for working professionals who prefer to complete degree requirements at a more moderate pace over a longer period of time.

Accreditation

The Doctor of Nursing Practice program at Florida Southern College is accredited by the Commission on Collegiate Nursing Education, 655 K Street NW, Suite 750, Washington, DC 20001, 202-887-6791.

Program Strengths

- The **fully online** coursework in our doctoral program is designed specifically for working health care professionals.
- Faculty include advanced practice leaders and experts with a wide range of clinical, policy, administrative, and academic expertise.
- FSC has established excellent partnerships with local health care and community-based organizations to support practice-immersion and experiential learning.
- Small classes allow for the development of personal relationships with faculty and dynamic, personalized instruction.

Academic Advisor

The moment you enroll, you'll be assigned an Academic Advisor to see you through your experience from start to finish. This advisor will help you develop an educational plan that matches your priorities.

Program Length

The Doctor of Nursing Practice is offered in a format that allows students to complete the program in as few as six semesters or two years.
